SAN FRANCISCO, Sept. 9.—[By the Associated Press.] Admission day was observed here as a general holiday. All business was suspended and yachting regattas, athletic sports and various excursions out of the city engaged the attention of a large proportion of San Francisco's population. The annual celebration of the order of the Native Sons of the Golden West takes place this year at Santa Rosa and after a parade in this city of parlor and business members left for Santa Rosa, where the festivities continue up to Sunday next.

THE GREAT CELEBRATION.

Santa Rosa Thronged—Big Parade and
Subsequent Exercises.

SANTA ROSA, Sept. 9.—[By the Associated Press.] The largest celebration since Admission day, 1850, is now in progress in this city. Sixteen of the parlor of San Francisco, Alameda, San José and Berkeley arrived here last night. Over 10,000 people were here this morning to witness the parade. Business houses were handsomely and profusely decorated and the streets presented a brilliant appearance.

The parade was the largest ever seen in this county and was ably headed. The order was as follows:

First Division.

Grand Marshal H. G. Dinkenspiel.

Chief aids—John McMillin, Jr., Edward L. Foster.

Aids—S. V. Conello, S. Joseph Thelen, P. R. North.

NEW YORK, Sept. 9.—[By the Associated Press.] Mr. Cleveland had several calls this morning, among them was Hon. Don M. Dickinson. The most significant incident of the day was the call of Secretary D. DeForest, of the Democratic State Committee, Samuel Bardsley, State Railroad Commissioner, and Senator Sultz. All these gentlemen have been known as strong Irish men.

IN THE EAST.

A Great Reunion of California Pioneers in
Chicago.

CHICAGO, Sept. 9.—[By the Associated Press.] The forty-second anniversary of the admission of California as a State was celebrated at Washington Park today by the members of the Western Association of California Pioneers, their friends and relatives. It was a jolly crowd of aged citizens that gathered under the trees for a picnic. The early days of California were discussed by the old-time comrades who had been the principals in many an adventure and suffered great hardships during the days of 1849 and 1850. The great prosperity of the State gave them cause for gratification, and not a little boastful talk about the present was indulged in by those dignified old fellows, who would not mention the price of a barrel of flour.

STOCKTON, Sept. 9.—[By the Associated Press.] The Stockton track was in splendid condition today and the record meeting was a great success and Millard Sanders had a lot of Corbett's Wilkes trotters to speed and he handled them well, placing five in the 2:30 list and giving Regal Wilkes and Alannah low records. Regal Wilkes by Guy Wilkes, was started against his record of 2:17 1/2 and made the mile in 2:13 1/2. Alannah the pacer was driven by Sanders against her record of 2:18 and made a mile in 2:14. Other records made were: Leo Wilkes, 2:29 1/2; Millie Wilkes, 2:28; Native Son, a three-year-old, 2:28 1/2; Noddy, by Richard Elector, 2:28 1/2; Lou Wilkes, a three-year-old, 2:28; Puritan, 2:29 1/2; Chio Wilkes, 2:28; Sanders used a "bike" sulky with some of the green horses, but the fast ones went in racing sulks.

By Telegram to the Times.

CLEVELAND, Sept. 9.—The track was in good condition. All time was very fast. Evangeline created a sensation by winning the last two heats in the free-for-all trot. She went the last mile in 2:11 1/2, beating the world's race record on a regulation track. Records were made in all classes.

Pacing, 2:26 class: Wilkie Knox won in three straight heats. Ovid second, Texas Jack third, Victor fourth; best time 2:17 1/2.

Free-for-all trot: Evangeline won, Noddy second, Lakewood Prince third, Nellie W. fourth; best time 2:11 1/2.

Trotting, 2:24 class: Increase won, Ollie Wilkes second, Stella third, Daisy fourth; best time 2:17 1/2.

Free-for-all pacing: Robert J. won in three straight heats, Winslow Wilkes second, Vitellio third, Cesar fourth; best time 2:12 1/2.

Trotting, 2:21 class (unfinished): Persica took second, Gertrude the first and third; best time 2:15 1/2.

Kingston won by a neck.

SHEEPSHEAD BAY, Sept. 9.—The flight stakes were a feature. Kingston won by a neck under the whip.

Seven furlongs: Batsman won, Fred Talar second, Helen Rose third; time 1:27 3/5.

Flight stakes, 7 furlongs: Kingston won, Dr. Hasbrouck second, Fair third; time 1:28 3/5.

Autumn stakes, over the Futurity course: The Laura Gault won, Spartan second, the Zorritza colt third; time 1:12 3/5.

Four and one-half furlongs: Derfargilla won, second, Reclaire third; time 1:42 3/5.

Futurity course: Stonewall won, Silver Fox second, Oxford third; time 1:13.

One mile, on the turf: Stone Mason won, Watson second, Woodcraft third; time 1:48 2/5.

On the Linton track.

CINCINNATI, Sept. 2.—At Linton the track was very fast.

Seven furlongs: Krikina won, Flora McDonald second, Conedy third; time 1:29 1/5.

One mile: Loudon won, Tenny, Jr., second, Critic third; time 1:43 1/5.

Six and one-half furlongs: Give Away won, Occypete second, Melody third; time 1:21 1/5.

EMPIRE CITY (N.Y.), Sept. 9.—[By the Associated Press.] The dense fog which prevailed all the forenoon prevented any investigation into the condition of the whaleback steamer Wetmore, which went ashore yesterday. When the fog lifted at 7:30 the tug Hunter went down to the wreck, but was unable to get near her. She is lying parallel with the beach, having been moved some by the force of the breakers. A heavy northwest groundswell is running. Every breaker sweeps her decks from stem to stern. All hopes of getting the whaleback off have been given up. Capt. O'Brien took a lifeboat and several of his men this afternoon and didn't stop until he had gone a quarter of a mile. He learned from Capt. Loch, of the life-saving station, who had just returned from the wreck, that it would be impossible to board the steamer.

THE WHEELMEN.

A Great Gathering at San Jose—Some
Records Broken.

SAN JOSE, Sept. 9.—[By the Associated Press.] The inaugural meet and first parade under the auspices of the California Associated Cyclists' Club was a distinguished success. There were about 300 in line, many wheels being handsomely decorated. The San Francisco Bicycle Club, Capt. Frank Pixley, Jr., took the prize offered for the club having the largest number in line and for the best appearance. The Bay City Wheelmen of San Jose, seven men, were awarded the prize. The California Cycling Club of San Francisco appeared in hussar uniform and attracted considerable attention. When it came to decide between them and the Bay City Club as to the prize for the best appearance, the committee was divided. Part of them wishing to make the award to the California Cycling Club and the others favoring the Bay City Club. Thinking that the members of the California Associated Cyclists' Club and President of the San Francisco Bicycle Club was grand marshal, Capt. Delmas of San Jose, chief staff officer. A special train from Oakland brought about 600 to attend the parade and races.

Twenty-five hundred people witnessed the bicycle races this afternoon.

Novice race, 1 mile: T. O. Dodge of the Bay City Wheelmen won, William Byrd of San Jose, second, time 9:04.

Half mile, championship: Wilbur Edwards of the Garden City Cyclers won, George Osen of the same club second; time 1:28 3/5.

One mile, safety, handicap: Fred Magill of Alameda, 70 yards, won, C. L. Davis of the Garden City Cyclers, 50 yards, second; time 2:35 1/5.

One mile, ordinary, handicap: A. Upson of the Capital City Wheelmen, scratch won, Henry Smith, scratch, second; time 2:47 3/5. This beats the scratch record.

Five-mile safety: Wilbur Edwards won, George Osen second.

CABRILLO DAY.

How it will be Observed in San Diego—
Official Programme.

SAN DIEGO, Sept. 9.—[By the Associated Press.] The San for the first time publishes today the official programme for Cabrillo day. This celebration will occur on the 28th and 29th of this month. It is the three hundred and fiftieth anniversary of the discovery of California. There will be a great naval and military parade. Gen. T. T. Crittenden will be grand marshal. Brig. Gen. McCook will be present with his staff, also Gen. Thomas H. Ruger and Gov. Louis E. Torres and staff of Lower California. There will be an invocation by Rev. J. Adam, Vicar-General of Los Angeles and Monterey. An address of welcome will be delivered by Mayor Sherman of San Diego and a reply by Gov. Markham. There will be music by the Mexican band, an oration by Hon. R. F. Del Valle of Los Angeles, a poem by Hon. R. M. Daggett of San Diego, and a reading of the Declaration of Independence. One hundred Indians representing California tribes will hold annual fleeta. They will exhibit all the phases of Indian village life.

FIRE AT VISALIA.

Several Buildings Burned—Many Horses
Destroyed—Heavy Losses.

VISALIA, Sept. 9.—[By the Associated Press.] A disastrous fire raged on Main street today. At the Kaweah stables twenty-three head of horses and numerous buggies were burned, many belonging to outside people attending the Admission day celebration. The Kentucky lodging-house, belonging to Charles Duke, built with money belonging to the Visalia Building Association, was entirely consumed. The loss on it was \$6000. Insured for \$3500. The Kaweah stables were the property of R. E. Hyde and were insured. The loss on them was \$10,000. The entire loss was \$30,000. A block of buildings belonging to Adam Bahwell, occupied by Chinese, was destroyed. George Hamrick's residence was burned with its contents. Several firemen were badly injured. The fire was the work of an incendiary.

Two Brothers Arrested for Killing Old
Man Daman in Sacramento.

SACRAMENTO, Sept. 9.—[By the Associated Press.] Two notorious characters, named Manuel and Dick Strauss, are locked up in the city prison for the murder of an old man named A. G. Daman, March 7, 1888. Richard Reed, who knew the facts, today made a confession to the District Attorney. He said that Daman was in the Noble House, kept by the Strauss brothers and Kate Cooper. He said the brothers put morphine into Daman's whisky, and when he became unconscious they robbed him of \$250 and threw him into an alley. Four hours later he was found by the police and taken to the station-house, where he died. Reed is in jail. He said he tells the story because the Strauss brothers threatened to kill him, fearing he might divulge the secret.

nominations are good; and that the Re-
publican party of Los Angeles county
may be relied upon to give it a hearty
support. The additional nominations
made yesterday are especially satisfac-
tory. The legislative nominees are
pledged in the event of their election
to support a Southern California candi-
date for United States Senator. Some of
them are also pledged to support a bill
to compel the Southern Pacific Railway
Company to pay its back taxes.In the event that no Southern Cal-
ifornia man is before the Legislature for
United States Senator, and a second
choice is involved, we venture the pre-
diction that the delegation will venture
very independent. Neither Mr. de
Young nor Mr. Felton can count upon
the full vote of Los Angeles county,
even should they obtain support as
second choice.And now that the convention is a
thing of the past, we may venture to
comment upon it without invoking the
criticism of attempting to dictate as to
how it should transact its business. It
has been, from the beginning to end, a
reform convention. Its attention was
early enlisted in correcting the abuses
of party management, and this work it
did most thoroughly. The good effects
of its action with respect to primary
elections and representation in the
County Central Committee will be felt
in the organization, we hope, for all
time. The effect is immediately notice-
able in the fact that several men whose
hands were believed to be soiled with
jobbery had to take back seats. The
convention had no use for them, and
refused to put them on its ticket.It is a little singular, however,
that a convention which was so thor-
ough in its measures should be able to
reform everything except its own mode
of procedure. It will take rank as the
most protracted and most tedious con-
vention in the history of Los Angeles
county. It held seven successive ses-
sions, covering four days and three
evenings. This, it strikes us, was a
needless waste of time. While it is no
doubt pleasant for many men to "play
at politics," there is such a thing as
overdoing it. Had the convention
adopted the open ballot, calling the
roll by delegations and receiving their
votes in gross, and had it put a proper
restriction on speech-making, the whole
business might have been transacted in
one day or in two at the most. The
work would have been done just as well,
and the sacrifice of time and energy
would have been far less. It is weary-
some to the flesh, the spirit and the
pockets of delegates to go through a
four days' ordeal of this kind. It is
an especial hardship to country dele-
gates, who are mainly obliged to give
up their business and remain in the city
under expense during the session.This evil of long-drawn-out conven-
tions is one that has been growing each
year, and now that other evils have
been corrected, we hope that the next
convention will make this one in hand
and correct it also.As to the secret ballot, it is un-
Republican in character, and should by all
means be discarded. It is no longer
necessary (if it ever was necessary) to
protect delegates from the rule of a
boss. We venture the assertion that
not a single delegate would have been
bulldozed as the result of an open ballot
in the late convention. It would be more
manly, more frank on the part of dele-
gates themselves and more candid
toward their constituencies if they
should hereafter decide to vote by open
ballot. It would also accomplish a
great saving of time.In the main, however, the convention
has done most excellent work, and we
do not wish to be understood as con-
demning it or depreciating its efforts
because we offer a few friendly criti-
cisms on its methods of procedure.These are the most friendly of com-
ments, calculated to make the labors of
delegates to future conventions less irk-
some, without detracting from their ef-
ficacy.And now it devolves upon the rank
and file of the Republican party
throughout the county to get down to
business and support the good work of
their convention.It would be idle to assume that the
present campaign is to be a walk-over.

FRESH LITERATURE.

PADDOLES AND POLITICS, down the Dan-
ube. By POLSKY BIEGLO, with illustra-
tions by the author. (New York: Charles
L. Bland Company.)Books of travel, if from the pen of a
man of large observation and keen in-
sight into character, if combined with a
pleasing style, cannot fail to interest
the reader.The volume before us is characterized
by all these essentials and is one of the
most delightful books of travel lately
given to the public. Its character and
scope can easily be estimated by its
title, and the book will prove a delight-
ful and profitable leisure hour to the
sample of the author's style let us take
the following Hungarian picture:"Nature conspired with man to make
my first day in Hungary one of happy
memory. The shores were never before
heron, and the water was a deep blue
have come down to the streams for a
swim and perhaps some laundry work;
further on I hear the plaintive music of
the shepherd's pipe, and steal up be-
hind him, and talk merrily along, play-
ing with all his soul, unconscious of
the pleasure he is giving to others
besides himself. At intervals are seen
great herds of cattle, horses, hogs;
sometimes they are in the water, and
we call under their very noses to the
great amusement of their keepers.Music is in the air wherever there
is a Hungarian, and when we
come upon a little group, their pres-
ence is made known first by their
singing, and then by their playing. There
are criminals in a country where every one
makes music from the heart! Surely,
thought I, no Hungarian can be in
prison for a sordid offense, and the fur-
ther I look on this happy stream the
more did I feel confidence in this thought."Magazines.

TARIFF REFORM THE PARAMOUNT IS-
SUE. BY WILLIAM A. SPRINGER. (New
York: Charles L. Webster & Co.)Literary Notes.
Senator Justin S. Morrill of Vermont
has written for the September number
of the North American Review an article
entitled "Erratic National Tariff
Platforms of the Democracy," in which
he reviews the history of that party in
its attitude to the tariff.E. P. Powell in the September New
England Magazine puts forward the
thousand and one arguments, commercial,
ethical and artistic that can be
made in favor of good highways. This
movement for improved country roads
is evidently gathering momentum.Paul Leicester Ford has for the first
time collected in one handy volume, en-
titled "Writings of Christopher Colum-
bus," those letters, etc., of the voyager
which describes his experiences in the
discovery and exploration of the New
World. The book will be published im-
mediately by Messrs. Charles L. Web-
ster & Co. in their "Fiction, Fact and
Fancy Series."The Homestead strike receives in
the September number of the North
American Review the ample attention
which that periodical always gives to
important events. It is discussed
from three points of view: The Con-
gressional view, by Congressman W. C.
Oates, chairman of the Investigating
Committee; the country view, by the
Hon. George Ticknor Curtis; and
the Knight of Labor's view, by T. V.

And Long Beach, Too.
LONG BEACH (Cal.), Sept. 5.—[To the Ed-
itor of THE TIMES.] I may interest and
possibly annoy some of your readers by
discussing the matter of the increase in
Republican votes of Long Beach, showing
a growth in the party hardly excelled by
even the banner (Seventh) ward of your
city.Prior primary election of July, 1890,
and preceding the State election, we man-
aged with hard labor to poll forty-one
votes, and at the gubernatorial election
(four months later) we gave Gov. Markham
only six votes.Pond only thirty-seven. Now, however,
some believe it owing to the growth of the
town and others to the advent of the Ter-
race Railroad, and the fact that the pri-
mary ran up to the cheering num-
ber of seventy-eight, and we didn't half try.
When we remember that this was the
result, notwithstanding that two of the
Republicans who voted for Markham are
dead, four have removed from town and
one has died, we have reason to be very hopeful.The vote of the primary of July 6, 1890,
was forty-one, just 73.33 per cent of the
votes (fifty-six) cast for Gov. Markham
four months later. We therefore are ex-
pecting to cast at the coming Presidential
election the same percentage of
increase over our late primary vote,
namely, 101 votes, at least. Keep your
eye on Long Beach. Yours truly,
R. E. F. U. B.Might as Well Let 'em Go.
[Ohio State Journal.]Allen W. Thurman of this city was in
Chicago, the other day, and a news-
paper man is credited with saying that
Ohio would not only give its vote to
Harrison and Reid, but he advised the
closing of the Democratic headquarters
and allowing the campaign to run itself.
This sensible suggestion brought out a
caustic lecture by the Richmond Dis-
patch in the course of which the fol-
lowing occurs:"There are Congressmen to be elected
in Ohio and the Democrats hope to
choose ten or twelve of them. The
completion of the new House of Repre-
sentatives may depend upon the result
in Ohio. We expect Ohio to vote for
Harrison, but we also expect a number
of Democrats to be elected to the
national House of Representatives from
Ohio. Allen W. Thurman has never
been known to us as a 'sorehead,' but
his proposition, supposing that he ever
made it, would lead us to the conclusion
that he had joined that gang of pro-
fessed Democrats."Danish Proverbs About Women.

donnall.Judge a maiden at the kneading pan,

the Early Days.Ancient History Strikingly Illus-
trated by Object Lessons.The Display from the Old Mission—Na-
merous Historical Relics of Almost
Priceless Value—Various Ob-
jects of Interest.Special Correspondence of THE TIMES.
SACRAMENTO, Sept. 7.—Santa Barbara
has contributed liberally from her rich
storehouse of ancient treasures to the
historical exhibit. A trip through this
part of the department, under the guid-
ance of Señor Don Carlos de la Guerra,
whose zeal and enthusiasm have been
the motive power in making the
splendid collection, affords a rare op-
portunity for a study of the ancient
history of California as illustrated by
these primitive object lessons.The artist, H. C. Ford's contribution
of paintings, from his own brush, of all
the California missions ever built, oc-
cupies a large portion of the wall space.
These pictures are designed for ulti-
mate exhibition at the World's Fair,
and comprise the only complete collec-
tion extant of California mission pic-
tures.Near these hang the portraits of
Mr. de la Guerra's ancestors. That
of Capt. José de la Guerra y Noriega,
his grandfather, is especially interest-
ing from a historical as well as an
artistic standpoint. This ancient sol-
dier arrived in California in 1801, via
Mexico, to which country he was after-
ward sent back on government busi-
ness, and subsequently as a deputy in
the national congress. He married a
Spanish lady, and afterward went from
California to Mexico during one of the
wars in that country. He was taken
prisoner with his wife, but his life was
saved by the astuteness of some
priests, who, as he was being led to ex-
ecution, raised a false alarm, that the
Spaniards were coming, and the Mexi-
cans, alarmed, ran away, leaving their
prisoners, who thereby escaped. He
was subsequently comandante militar,
and also the highest civil officer at
Santa Barbara and the Mexican reg-
ime in 1812. The portrait of Señor
Pablo de la Guerra, the late Judge
Pablo de la Guerra, is that of a remark-
ably handsome man. Indeed, it is an
admitted fact among the men of his
time that, while in his prime, he was
one of the handsomest men in the State. He
was one of the signers of the first Con-
stitution of California. Senator for sev-
eral terms, Lieutenant-Governor for a
short period and finally District Judge
of the First Judicial District. He died
in 1874. The picture of his wife
hangs just above his own portrait. It
is a beautiful face of a typical Castilian
lady who is still living, with scarcely a
gray hair in her head. Near these por-
traits is a mirror, an heirloom of the
de la Guerra family, 115 years old.
Its frame has been re-gilded, and
though worn with age, is in places still
remarkably bright.At one side of the mission, pictures
are two images, one of the patron
saint, Santa Barbara, brought from the
parochial church in the old town. This
saint is a lady of a false, almost a
gray hair in her head. Near these por-
traits is a mirror, an heirloom of the
de la Guerra family, 115 years old.
Its frame has been re-gilded, and
though worn with age, is in places still

magnificent silk gowns, embroidered
shawls, veils, rebosas and other rich
wearing apparel such as the señoras
wore in the lavish days of old Califor-
nia. There are silken slippers, in
white and colors, of Cinderella size,
worn by ladies of the de la Guerra
family. The magnificent gown worn by
Miss Eulalia de la Guerra at Presi-
dent Harrison's reception in Santa
Barbara two years ago, is one of the
handsomest in the collection. It is of
the latest fashion, and weighs nearly
100 pounds. It is made of black velvet,
elegantly brocaded with dull blue
and, though sixty-seven years old,
its style is not far out of the way of the
modern make. There are mantillas,
heavy with embroidery, made of them
valued at \$500 and many of them
priceless. A beautifully embroidered
cobweb veil, over a century old, is
literally falling to pieces with the
age. An elegantly embroidered satin
wedding dress, which was worn by the
bride of Capt. John C. Fremont when
he made his headquarters at Santa
Barbara in 1846, is a marvel of rich-
ness. But the most wonderful piece of
needlework is a robe made by a
Spanish lady forty-five years ago.
Every seam is joined by "bridge work,"
which resembles the finest torchon lace.
This is much more difficult than drawn
work, being made entirely with the
needle, a single thread forming the
width of the pattern and other threads
interwoven with this to form the figures
of the design. The yoke is made en-
tirely of this bridge work, or hand-

each of a different design. The skirt
is made of the same material, and is

priceless. A beautifully embroidered

THE REPUBLICANS.

The County Convention Has Concluded its Labors.

Walter S. Moore Named for the Senate on First Ballot.

Several Surprises in the Nominations for the Assembly.

Nominations for Supervisors, Justices of the Peace and Constables—Temporary Organization of the County Central Committee.

At 7:30 o'clock last evening the County Republican Convention, which has been session since last Monday morning at 10 o'clock, concluded its labors and adjourned. This has been one of the longest local conventions ever held in Los Angeles. It was in session four long days and held three lengthy night sessions.

The secret ballot system is chiefly responsible for the length of the convention, but there are other reasons which may not be out of place to mention here.

It was a reform convention in every sense of the word, and in consequence nothing was cut and dried. The delegates had to feel their way or stumble into all kinds of blunders and traps laid for them by the opposition. In proof of this may be noted the fact that whenever they began to rush things they fell down in their work and the best material before them was not used.

Many of the delegates were new in the business, and in consequence their progress was slower than it would have been otherwise.

That the convention has begun a good work in this county there is not the slightest doubt.

The officers of the convention did good work, and before it adjourned each and every one of them was tendered the thanks of the convention.

The convention did one thing never before heard of in this county, and that was to map out a course for the County Central Committee and request it to stick as close as possible to the reform rules.

That the committee proposes to do, this there is no doubt, for that body which met immediately after the convention adjourned and adopted all of the reform rules.

Notwithstanding the fact that the convention was in session so long and the delegates were tired out at least two days before they adjourned, there was not a single quarrel on the floor worth mentioning. This is saying much for the good will and brotherly feeling that existed when it is remembered that there were many things to cause vexation.

Taken as a whole it was a model convention and its work will be pointed back to with pride for many years to come, even if it did make some mistakes.

MORNING SESSION.

Closing Scenes of the Convention—Voting of Thanks.

At 9:15 o'clock yesterday morning the Chair solemnly called the convention to order and asked the delegates to be "very good," as it was a legal holiday.

The Chair announced that he would appoint a law committee, with instructions to draw certificates for the chairman and secretary to sign, as the new law requires such proceedings. He appointed Messrs. Hubbell, Varie and Wright.

At this stage of the proceedings George Washington Hawkins, the colored orator, moved to open with prayer, as the convention has done good work and the day was a legal holiday.

Several delegates suggested that the mover perform that duty, but he took his seat and the motion was voted down. On motion of Col. Mudge the Chair was tendered a vote of thanks and the delegates gave him three rousing cheers.

The Chair then made a speech, in which he gave every one of the gentlemen on the ticket a send-off and told his hearers that the reform convention contained material that would fill all eyes and all offices in the United States from President down.

The Chair then got down to business and stated that a disposition had been shown all the way through the proceedings to down bosses, and he was confident that bossism had been effectually sat upon.

Mr. Brooker caused a lengthy discussion by moving that the County Central Committee meet at 2:30 p.m.

A member with a merry informed the delegates that early in the labors of the convention a motion was carried fixing the time for the committee to meet just after the convention adjourned.

An attempt was then made to add a favorite member of the convention to the new committee, and the convention immediately resolved itself into a love feast, and at one time it looked as if every favor in the convention would be placed on the County Central Committee.

The motion was finally put and carried, and the gentleman from one of the country consolidated districts was named a County Central Committee member.

Immediately after this motion was carried a dozen delegates jumped to their feet and moved that all the consolidated districts have an additional committee.

This created so much confusion that a motion was made to reconsider the matter. This was done, and the favorite was relegated to private life.

It was then decided that the members of the County Central Committee must be selected from the new election precincts.

The convention then resolved itself into district conventions, to reconvene at 2 p.m., when the district conventions were to report to the general convention.

THE LEGISLATIVE TICKET.

Walter S. Moore for the Senate—Nominations for the Assembly.

The district conventions did not get to work for some time after the general convention adjourned, for the reason that the various delegations had the interests of their various candidates to look after, and it took them some time to do their electioneering. There is another reason why they did not get to work sooner, and that is because every delegation was playing a lone hand and resisted all attempts to bring about combinations on the part of the candidates.

THIRTY-SEVENTH SENATORIAL CONVENTION. The thirty-seventh Senatorial Convention met in the main hall, and after being called together by Chairman Murphy, Charles E. Day was chosen chairman and J. C. Platt secretary.

The regular convention adopted the rules of the regular convention and the Chair

announced that the next order of business would be placing the various candidates before the convention.

Considerable time was occupied in presenting the following names: George M. Holton, J. J. Gosper, John Cross, Walter S. Moore and E. W. Jones. Each one of these gentlemen was given a proper send-off and the Chair announced that a ballot would be taken, which resulted as follows:

George M. Holton..... 4
J. J. Gosper..... 4
John Cross..... 3 8-20
W. S. Moore..... 50 12-20
E. W. Jones..... 1

Total vote..... 69
Necessary to a choice..... 35
The result was received with wild cheers, and Mr. Moore was declared the unanimous choice of the convention.

SEVENTEENTH ASSEMBLY DISTRICT. The Seventeenth Assembly District Convention met in convention in Justice Austin's courtroom at 1 o'clock, with Col. Melvin Mudge as chairman and W. S. Mellick as secretary. There was but one candidate before the convention, Capt. C. M. Simpson of Pasadena, whose name was presented by Judge Wright, and he was elected by acclamation.

SEVENTY-FIRST ASSEMBLY DISTRICT. There was no contest in the Seventy-first Assembly District to speak of, and S. A. Andrews of Pomona was nominated by acclamation.

SEVENTY-SECOND ASSEMBLY DISTRICT. The Seventy-second Assembly District Convention met in the Union League rooms, with Col. Brooker as chairman and Daniel Cooper, secretary.

The convention at once proceeded to business, and William H. Wright, C. F. Rutan, H. C. Downing, E. C. Denio and H. Kelso were placed in nomination.

The first ballot resulted as follows: William H. Wright..... 14
C. F. Rutan..... 16
E. C. Denio..... 3
H. Kelso..... 4
H. C. Downing..... 4

Total vote..... 41
Necessary to a choice..... 21
Mr. Denio withdrew from the contest. There being no choice, a second ballot was taken with the following result: William H. Wright..... 18
C. F. Rutan..... 20
H. Kelso..... 2
H. C. Downing..... 8

Total vote..... 48
Necessary to a choice..... 25
Messrs. Downing and Kelso both withdrew at this stage of the proceedings, and left the field to Wright and Rutan.

The third ballot was taken with the following result: William H. Wright..... 25
C. F. Rutan..... 23

Total vote..... 48
Necessary to a choice..... 25
Mr. Wright's nomination was made unanimous.

SEVENTY-THIRD ASSEMBLY DISTRICT. There was quite a little breeze raised in the Seventy-third Assembly District Convention when the members got down to business.

Judge Hubbell acted as chairman and Harry Holmes was chosen secretary. W. J. Foley and James M. Meredith were placed in nomination, but before a vote was taken Mr. Foley came forward and made a speech, in which he said that he was confident that a job had been put up to down him, and for that reason he withdrew from the contest.

A motion was then made giving Mr. Meredith the nomination by acclamation, but some one discovered that he was not present, and as he could not pledge himself to support the wishes of the convention an attempt was made to take a recess to give Mr. Meredith, who was sick, a chance to state his views on railroad and other matters, but the mover was declared out of order, and Mr. Meredith was duly nominated.

SEVENTY-FOURTH ASSEMBLY DISTRICT. There was not much of a contest in the Seventy-fourth Assembly District Convention, as the business of choosing a candidate was soon disposed of.

C. E. Forrester was chosen chairman and R. L. Horton secretary. C. W. Pendleton and J. H. Criminger were placed in nomination, and a ballot was taken, with the following result: C. W. Pendleton..... 25
J. H. Criminger..... 19

Total vote..... 44
Necessary to a choice..... 23
Mr. Pendleton was made the unanimous choice of the convention.

SEVENTY-FIFTH ASSEMBLY DISTRICT. This convention met in one of the small rooms of Turnverlier Hall and at once proceeded to business by electing L. C. Valentine chairman and J. C. Platt secretary.

There has been a hot fight in this district between the leaders of the Second and Third ward delegations, as both had strong candidates.

E. N. N. was the Second Ward's choice, and when he was placed in nomination the greatest enthusiasm was shown.

The Third Ward backers of H. E. Carter were also warm in the praise of their man and worked hard to secure for him the nomination.

When the convention got down to business and took a vote it stood: Phillips..... 24
H. E. Carter..... 22

Total vote..... 46
Necessary to a choice..... 24
This gave the nomination to Mr. Phillips, and his selection was made unanimous.

FOR SUPERVISORS. Nominations in the Second, Fourth and Fifth Districts.

Much interest was taken in the nominations for Supervisors, but the matter had been well canvassed, and but comparatively little time was occupied in making selections.

SECOND SUPERVISOR DISTRICT. The Second Supervisor District Convention met in Turnverlier Hall with Judge Silvestri presiding and Judge Hubbell acting as secretary.

No time was lost in preliminaries, and C. E. Crowley, A. W. Francisco, Dr. B. F. Kierulff and R. E. Wirsching were placed in nomination.

The convention was called to order by the convention, and it required four ballots to make a nomination. At first the candidates ran evenly, but on the fourth there was a break to Francisco, who was elected by 43 votes to Wirsching's 18.

Francisco thanked the convention briefly for the honor conferred upon him, after which an adjournment was had.

FOURTH SUPERVISOR DISTRICT. The delegates composing the Fourth Supervisor District met in the Union League Club rooms at 11 o'clock.

Col. Brooker was elected chairman, and as no one was willing to accept a nomination to act as secretary, the Chair appointed Dan Cooper to fill that position.

Some discussion followed as to methods of voting, some being in favor of the open vote. The Chair held that the

rules of the general convention should apply, and declared for vote by ballot.

A motion to proceed to nominations for Supervisors was carried.

E. H. Winans of Vernon nominated W. H. Howard.

Mr. Carr of Artesia protested that Howard was not a resident of the district.

Mr. Lowman of Santa Monica nominated E. J. Vawter.

Mr. Lusk of Dow in a lengthy speech put forward J. A. Pirtle of Vernon as a candidate for the office.

Col. Brooker resigned the chair to nominate James Hay of Artesia.

The ballot resulted as follows: Howard..... 8
Vawter..... 18
Pirtle..... 18
Hay..... 36

Total vote..... 80
Necessary to a choice..... 41
Capt. Marion objected to the order for delegates to keep away from the tellers and shook his threateningly in Col. Brooker's face. Cries of "Shame!" "Put him out!" came from all over the room as the wrathful captain was hurried from the room by friends, loudly protesting that fraud was being perpetrated and that he proposed to see a fair play.

Hay's nomination was made unanimous upon motion of Mr. Pirtle.

The convention adjourned to report the result of its deliberations and was immediately reconvened to meet as a convention of the Seventy-second Assembly District with the same officers in charge and the same rules in force.

FIFTH SUPERVISOR DISTRICT. There was a lively contest in this convention and eleven ballots were taken before a choice was made.

Col. Mudge presided and C. S. Bradford acted as secretary.

The following gentlemen were placed in nomination: A. Scott, J. C. Sherer, W. W. Stockwell, G. L. Stearns and Oscar Macy.

Mr. Stockwell was finally chosen.

CITY AND TOWNSHIP OFFICERS. Nominations for Justices of the Peace and Constables.

At 3:30 o'clock Chairman Murphy called the general convention to order, and asked the city delegates to take the front seats and proceed with the nomination of city justices.

The chair announced that a quorum of the city convention was present and R. L. Horton was chosen chairman and Al Thorn was chosen secretary.

The following candidates for city justices of the peace were placed in nomination: Mr. Murphy placed H. C. Austin in nomination.

Mr. Varie placed S. T. Owens in nomination. Thomas J. Carron then came forward and placed George P. Phibbs in nomination.

A. M. Austin placed S. A. Garrett in nomination.

A number of able seconding speeches were made by the friends of the nominees, and the chair asked the delegates to prepare the roll for a ballot, which resulted as follows: H. C. Austin..... 95
S. T. Owens..... 55
George P. Phibbs..... 94
S. A. Garrett..... 149

Total vote..... 303
Necessary to a choice..... 75
On motion, H. C. Austin, George P. Phibbs were made the unanimous choice of the convention.

TOWNSHIP JUSTICE. The Chair announced that the next order of business would be the selection of a township justice.

T. J. Carron placed L. Stanton in nomination for township justice.

W. A. Spalding then came forward and placed S. C. H. Langworthy in nomination.

Mr. Thorn placed William Young in nomination.

Seconding speeches were then made, and after the candidates had made their little talks and put up the assessment a ballot was taken with the following result: L. Stanton..... 69
William Young..... 84

Total vote..... 153
Necessary to a choice..... 77
Mr. Young having received a majority of the votes was declared the unanimous choice of the convention.

CONSTABLES. The convention then proceeded to select constables for the city.

W. T. Williams placed R. W. Stewart in nomination. After saying a number of complimentary things about Mr. Stewart, who is a colored man, and on the police force, Mr. Williams moved the nomination by acclamation. A vote by acclamation was taken, but as there were several dissenting voices, the Chair declared the vote illegal and asked for the roll call.

Quite a dispute followed when the harmony cry was raised and it was decided to go on with the nominations.

Delegate Meserve placed Charles E. Smith in nomination.

Delegate Day placed Dennis Kearney in nomination.

Delegate Pendleton nominated A. C. Vignes.

Delegate Haas placed L. D. Rogers in nomination.

The candidates were properly introduced in seconding speeches.

W. E. Darracott was also placed in nomination, and a ballot was taken with the following result: W. E. Darracott..... 36
R. W. Stewart..... 10
Charles Smith..... 10
Dennis Kearney..... 37
A. C. Vignes..... 56
L. D. Rogers..... 98

Total vote..... 150
Necessary to a choice..... 80
Mr. Rogers was declared the choice of the convention, and the Chair requested the delegates to prepare their tickets for another ballot.

Just as the secretary began to call the roll for the second ballot a lively quarrel was declared in order over proxies. It seems that a number of proxies were given by delegates who were too tired to remain longer, and it was stated that one ward would cast seventeen proxies and some of the delegates believed that they were fraudulent.

During the discussion R. W. Stewart mounted the platform and attempted to withdraw from the contest, but his friends would not permit him to do so.

The delegates voting proxies declared that they came by them honestly.

At this stage in the proceedings A. C. Vignes withdrew from the contest, and the second ballot was taken after Smith and Vignes had drawn out. Following is the result: A. C. Vignes..... 19
R. W. Stewart..... 99
Dennis Kearney..... 18
W. E. Darracott..... 13

Total vote..... 149
Necessary to a choice..... 75
This gave the nomination to Stewart

and he was declared the unanimous choice of the convention.

This completed the ticket, and after the general convention had reconvened and heard the reports of the various district conventions the chair announced that the convention was ready to adjourn.

There was only a handful of delegates in the hall at 7:30 o'clock when the convention adjourned, after a vote of thanks had been tendered to the officers of the convention.

TOWNSHIP OFFICERS. The county delegations only sent in two reports regarding the selection of their township officers, which are as follows: Fairmont Township—Justices of the peace, J. W. Ong and O. L. Livesey. Constables, M. F. Andrada and J. N. Butters.

La Bolla Township. W. P. Ross, W. J. Bryant. Constables, J. O. Lamb, W. J. Howlett.

COUNTY CENTRAL COMMITTEE. Temporary Organization Effected. H. T. Oge elected chairman.

As soon as the convention adjourned the new County Central Committee met on the stage. There were between sixty and seventy members present, and a temporary organization was effected, with Hon. Henry T. Gage as chairman and W. F. X. Parker as secretary.

After some discussion a motion to adjourn to meet one week from today at 10 o'clock a.m. in the Lincoln Club rooms, and for the secretary to notify the candidates to meet with them, was adopted.

Col. Brooker offered a substitute, fixing the time of meeting for Wednesday next.

This brought forth quite a discussion, as there were quite a number of committee members present who were anxious to effect a permanent organization at once.

W. E. Dunn was in favor of organizing then, as he believed there were more members present than they will be able to get together again.

A. E. Davis was opposed to organizing at once, as he believed the committee members would not be able to get together at once.

A member then spoke of the proxy rule, and the question of the proxy rule was taken up.

Chairman Gage took occasion to say that the committee could not be governed by any rules adopted by the convention as the committee is a separate organization.

Chairman Gage further discussed the proxy rule, and adopted by the committee.

Then a motion to go ahead and organize was put and lost.

At 8:20 o'clock the committee adjourned to meet next Wednesday morning at 10 o'clock in the Lincoln Club rooms.

CHAMBER OF COMMERCE. Regular Weekly Meeting of the Board of Directors.

The board of directors of the Chamber of Commerce met yesterday afternoon at 8 o'clock.

There were present Directors Wells, Forman, McGarvin, Jerny, Graft and Francisco.

Director Wells occupied the chair, C. D. Willard acted as secretary.

On motion, the board of directors business Judge Graft tendered a report in behalf of the committee which arranged for the meeting of the harbor commission.

At the conclusion of his report he recommended that the proceedings of the meeting be printed at the expense of the chamber, together with such additional material as might tend to show the general prosperity of the country and its need for the deepwater harbor. The report was adopted and the recommendations ordered carried out.

It was moved and carried that the matter of the additional statistics to go in this pamphlet be referred to the Committee on Statistics, to be printed at the expense of the chamber, together with such additional material as might tend to show the general prosperity of the country and its need for the deepwater harbor. The report was adopted and the recommendations ordered carried out.

A communication from Thomas Taylor with regard to the coal and iron measures of Utah was read and ordered filed with the thanks of the board to the writer.

The secretary stated that Dr. J. P. Widney wished to call attention of the board to the fact that the Pacific Coast Steamship Company gave round-trip rates from both San Diego and Santa Barbara, but allowed no round trip from Los Angeles, San Pedro or Redondo. He was instructed to write to the Coast Steamship Company and ask for an explanation of the matter.

The president called attention to the climatic map of the State published by the State Board of Trade, in which the State was divided into colors according to the mean annual temperature, the result of which was to place the Sacramento and San Joaquin valleys in the same climatic divisions with all the coast regions of Southern California, which would give people at a distance very erroneous ideas of the real climatic conditions of the sections.

Director Forman the president was requested to write to the State Board of Trade and ask whether some change could not be effected in this map to correct this mistake.

The board then adjourned.

Dr. Peebles Wants a Joint Debate. Dr. H. P. Peebles, nominee of the People's party for Senator from the Third Senatorial District, wants a joint debate with Walter S. Moore, the Republican nominee. The doctor says:

When a candidate is elected to an administrative office, such as Sheriff, County Treasurer, Tax Collector, etc., his partisan efforts and his support to administration of the affairs of justice and with impartiality toward all citizens; but when a candidate is elected to a legislative office his duty to his party duty, and the moment he receives the position. It is his bounden duty to endeavor to mold legislation in accordance with the platform of his party, and to make the demands of that platform his one guide in all official actions.

The canvass for a legislative office should be strictly impersonal, and be allowed to turn upon the principles represented by the respective candidates. Therefore, in order that the electors of the Thirty-seventh Senatorial District should have a full opportunity of judging between the demands of the Republican party and the demands of the Democratic party, I hereby challenge my political opponent, Walter S. PETE McNABB'S DAY

Glenalvin's Big Pitcher Fools the Colonels.

Tantalizing Smiles and Deceptive Curves Do the Work.

The Best Ladies' Day Crowd of the Whole Season.

Los Angeles Leads the League—Camp Pitched in Hard Luck Yesterday—Notes.

McNABB had his day yesterday afternoon out at Athletic Club Park, where, in the presence of the grandest ladies' day crowd of the season, he pitched out a magnificent game for his old employer and made himself generally solid with the cranks by shooting a ball across the pan which it was all but impossible to hit out into safe territory, and his adversaries were obliged to

fasten on a smile which was quite as tantalizing to them as was that of "Glenalvin Jim" at New Orleans, Wednesday evening, about which so much has been published the past two days. In fact, "Pete" is one of the best winners in the business. With his club a couple of runs in the lead, his bewitching smile usually has a most demoralizing effect on the judgment of the umpire as well as on the cunning of the hitters who face him, and in addition to this he is one of the most effective "kickers" in harness, a department in which Los Angeles has been rather light previous to McNabb's advent.

Pete's performance was of the star order. Nine men fell before his tantalizing smile, and for the first eight innings only three safe shots were chalked up, one of which was a scratch by Lange, who sent a bounding in-field hit toward second which Jimmy Stafford blocked, but could not recover after the throw. "What can you hit best, a high or a low one?" Pete would frequently ask the batter, and then would give the hitter the horse laugh as he drove the ball into some one's pocket.

Besides pitching great ball McNabb stopped a couple of hot shots which threatened to bore through him, and he was obliged to raise his cap several times in response to the plaudits of the fair spectators in the grand stand and the more boisterous occupants of the bleachers.

"Kid" Camp, the contortionist, on the other hand, pitched in hard luck. The fifteen hits marked against him do not indicate the sort of a game he pitched. No less than five of them were on the scratch order, and as usual with Oakland errors, all of them came when close play would have kept down the score. In spite of the hits that were piled against him the applause that the raw-boned young farmer lad received showed that he is a favorite with the Los Angeles cranks. Several times he swung around and pitched with his left hand with fair success.

"Hasty" Wright stretched one of these south-paw twists into a scratch hit, while "Kid" Hulen drove another into Lange's pocket.

For the locals Hulen rather carried off the infield honors, although Stafford and Glenalvin each made fine running assists. Wright did a big share of the afternoon's batting, with four singles to his credit, Lytle being a close second, with two singles and a double. The official figures are as follows:

THE HORTICULTURISTS.

Meeting of the Commissioners at the Chamber of Commerce.

The Horticultural Commissioners of Southern California, at a meeting at the Chamber of Commerce Thursday afternoon, passed a resolution to the effect that "it is the sense of this association that peach, prune, plum, apricot, or any other trees east of the Rock Mountains, upon stocks, subject to the yellow or peach rosette, be not allowed to be sold in this State; that we urge upon our authorities to put in force a law to impose a license upon any and all persons attempting to sell any stock not grown in this State; that we pledge ourselves to use every effort to quarantine all such stock, and prevent its admission into the State."

Resolutions condemning the removal of W. E. Collins of San Bernardino, a member of the association, and criticizing the action of B. M. Lelong were also passed.

Resolutions approving the action of the authorities in securing predaceous insects to feed on scale pests were passed.

The nurserymen were present by invitation, and fully concurred in the action taken. The next meeting of the commissioners will be held on Thursday, October 6.

We welcome honest competition, but when a competitor boldly claims that official tests show all other baking powders inferior to his in purity and strength, it is simple justice to state that Official Reports show that this so-called "absolutely pure" baking powder really contains ammonia. That the public may know who tells the truth we give the actual figures from the

SPECIAL September Sale

Space is more vital to us at this time than is the merchandise at another time.

Speedy clearing out of a good portion of our stock is very desirable just now. We have in transit carloads of general wares that are soon due, and will be upon us before very long. We think it policy to let go some of the present stock at advantageous figures to customers, rather than be burdened by lack of room. To those who will put forth a line of values that will appeal to your wants and at the quoted prices will pay to purchase and put aside till needed.
